I. APPLICATION INSTRUCTIONS

A. INTRODUCTION

The City of Portland CDBG program is designed to foster innovative and creative programs that address the critical issues facing the City of Portland. The CDBG funds should be seen as seed money for starting or expanding innovative programs. Our goal in funding a program is to help get it off the ground or successfully expand. We strongly encourage new and innovative programs to apply for the 2022-2023 round of CDBG funding.

B. FEDERAL HUD REGULATIONS

1. **NATIONAL OBJECTIVES:** Each project must meet one of the following National Objectives:

a. **Benefit to Low to Moderate Income (LMI) Persons**

To qualify for funding under the LMI category, the persons or households served must have income levels at or below 80% of the *area median income* (AMI) as set forth in the chart below. HUD requires stratified income data on beneficiaries. You will need to report which category beneficiaries fall into below 80% of AMI, 50% of AMI or 30% of AMI.

FY 2021 HUD Low to Moderate Income Guidelines for Portland, Maine**

Number in Household	1	2	3	4	5	6	7	8
80% of Area Median Income	\$55,950	\$63,950	\$71,950	\$79,900	\$86,300	\$92,700	\$99,100	\$105,500
50% Area Median Income	\$35,000	\$40,000	\$45,000	\$49,950	\$53,950	\$57,950	\$61,950	\$65,950
30% of Area Median Income	\$21,000	\$24,000	\$27,000	\$29,950	\$32,350	\$34,750	\$37,150	\$39,550

** New income guidelines are expected prior to grant award. All CDBG recipients will be required to update any forms used to collect beneficiary information whenever new income guidelines are made available.

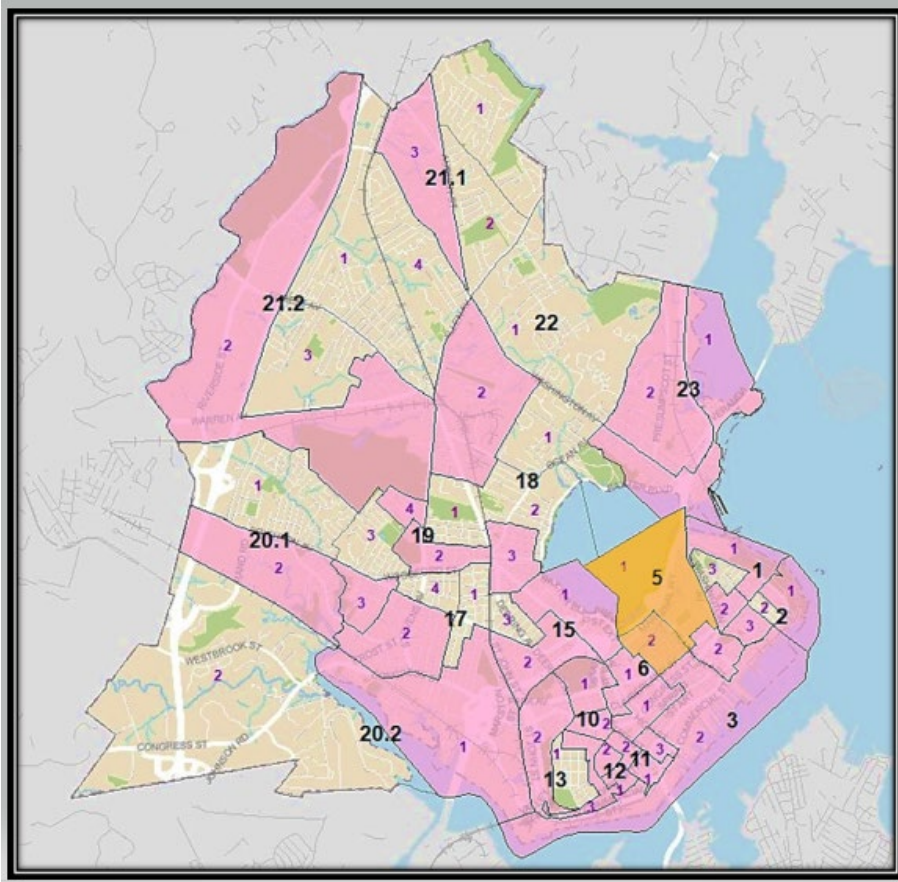

There are three approaches for meeting the Low to Moderate Income qualifications:

- i. *Low to Moderate Income Limited Clientele (LMC)*: an activity which provides benefits to a specific group of persons of which at least 51% of the beneficiaries of the activity qualify as LMI persons earning less than 80% of the area median income as defined in the table above. To qualify each individual must establish, by means of financial information on *household size and income*, that *at least 51%* of the clientele are persons whose household income does not exceed the LMI limit.

There are certain populations that HUD presumes to be low to moderate income. For programs serving these populations income data does not need to be collected, however race and ethnicity do. Populations include: *abused children, elderly persons, battered spouses, homeless persons, severely disabled adults, illiterate adults, persons living with AIDS, and migrant farm workers.*

- ii. *Low to Moderate Income Area Benefit (LMA)*: an activity *which is available to benefit all the residents of an area* qualifying under HUD guidelines. HUD has identified neighborhoods eligible to receive CDBG funding based on income data provided by the census and American Community Survey. The eligible areas are shown on the map (page 5) and also include Cliff Island, plus Portland Housing Authority. This year's targets area is the Bayside Neighborhood. The below map can also be found online at:

<http://www.portlandmaine.gov/DocumentCenter/View/26122/2019-Census-map--CDBG-Eligible-Block-Groups->

Other service areas may be eligible on a case-by-case basis. After defining your service area, please contact the HCD Staff to determine eligibility. The current map is based on the 2010 Census and the American Community Survey.

iii. *Low to Moderate Income Housing (LMIH)*: an activity which assists in the acquisition, construction, or improvement of permanent, residential structures benefiting LMI persons.

b. Aid in the Prevention and Elimination of Slum or Blight

The project *must be limited to eliminating* specific instances of blight (“spot blight”). To qualify an activity must meet the following criteria:

- i. The property must exhibit physical signs of blight or decay that are detrimental to public health, safety, or welfare. ***Blight or decay must be documented and submitted as part of the application.***
- ii. The project must address one or more of the conditions which contributed to the deterioration of the property, *included in the description or scope of work.*
- iii. The project must be designed to eliminate specific conditions of blight or physical decay, such as acquisition, clearance, relocation, historic preservation or rehabilitation. *Rehabilitation is limited to the extent necessary to eliminate a specific condition detrimental to public health and safety.*

2. LIST OF ELIGIBLE ACTIVITIES: In addition to meeting a National Objective, each project must be an Eligible Activity, including:

- a. Public facilities and improvements including acquisition, construction, reconstruction, rehabilitation, or installation of public facilities and improvements, such as water and sewer facilities, streets, neighborhood centers, and the conversion of buildings for eligible

purposes. Also improvements of sidewalks, parks, playgrounds, publicly owned utilities and public buildings. *Maintenance is not permitted.*

- b. Removal of architectural barriers inhibiting accessibility for persons living with disabilities.
- c. Clearance, demolition, and removal of buildings.
- d. Rehabilitation and preservation of privately owned buildings; low-income housing; publicly or commercially owned buildings; non-profit owned non-residential buildings; or historic preservation, including rehabilitation, preservation or restoration of publicly and privately owned historic properties.

- b. **Providing Decent Affordable Housing**
- c. **Creating Economic Opportunities**

5. FEDERAL REQUIREMENTS FOR ALL CONSTRUCTION PROJECTS: *If you have questions on any of these requirements, please ask.*
